

SOURCES FOR CAMP TRUNKS AND CAMP EQUIPMENT

To assist you in your search for camp trunks, we are sending you website links for several manufacturers. With the exception of CN Mfg., and Sterling Name Tape we do not receive any commission from these businesses. Our dimensions of 16x16x30 are somewhat flexible. Anything up to 22 inches high will fit under a camp bed. We would appreciate your feedback to help us ensure that our recommendations are helpful.

We do not recommend duffel bags. They are too difficult to “live” out of for four weeks. A hard sided trunk holds clothes in a dry and animal-proof container.

TRUNK SOURCES

Trunks can also be found at stores such as Target, K-mart, and Sears.
